JW Guide

West Brooke Curriculum

Notes:

1. Before you begin look over the Jr. Kindergarten Curriculum Manual by Memoria Press. Take a LOOK at the Book List Page {pp.150-151} and use your library's online search tools to see which books your library has and which they do not. Determine if you would like to buy the ones they do not have before beginning the program.
2. My textbook bundle does not come with the book: Prayers for Children by Eloise Wilkin. You should practice praying together and reading the daily text together as well as the other JW references listed below for each week.
3. As an option it is suggested if you would like curriculum on Manners then you can add two books by Memoria: Myself & Others Books 1 & 2 during the weeks of 3-17 for Book 1 and weeks 18-31 for Book 2.
4. The Jr. Kindergarten Curriculum Manual suggests Music each week. Suggestion: use YouTube for the music and Wikipedia for the lyrics.
5. Most of the JW References can be found on jw.org >Children >My Bible Lessons or >Become Jehovah's Friend
